

You must submit to the Uninsured United Parachute Technologies a written record within 72 hours of each tandem parachute jump involving a failure of any component of the parachute system or resulting in a serious injury to the certified tandem instructor or student jumper. If a tandem parachute jump results in the death of a certified tandem instructor or student jumper, you must submit a written record to United Parachute Technologies within 72 hours of the incident. Records must include the following:

Date: _____

Location: _____

Tandem Instructor: _____

Student Tandem Jumper: _____

Vector Tandem System Owner: _____

Tandem Vector System Identification	Serial Number
Container	
Main	
Reserve	

Provide a narrative description below of events occurring on the jump including any injuries to the tandem instructor and/or student jumper and recommendations for equipment changes, operating procedures, or retraining.
